

*In just two short months, we will bring in the new year with heating and AC professionals from around the globe at the 2014 AHR Expo in New York City, NY. As the largest HVAC event on the planet, AHR Expo attracts more than 38,000 buyers, 1,900 exhibiting companies, 34 sponsoring and endorsing associations, 140 educational sessions and visitors from more than 131 countries. It provides opportunities to not only generate sales leads and new distribution channels but increase industry exposure while uncovering new markets for products as well.*

*This investment—in Embraco itself, in the industry and in our customers—is sure to pay off with three days of face-to-face interactions with customers and prospects. We plan to inspire and be inspired, bringing back connections and ideas to support our continued dedication to provide you the most innovative products on the market. If you plan to be there, come by booth 1329 and be inspired with us!*
