Declares as manufacturer that the following product:

SUEM55HHR and (including electrical parts)

are considered as EMC compatibility reference for all remaining Sealed units models. Reference models have been selected based on these group characteristics - the same power supply, the highest cooling capacity and the principle of compressor construction.

SUEM55HHR, SUEMT45HDR, SUEMT6170Z, SUNEU6214U, SUNE2121Z

are in conformity with the following Directive(s):

2014/30/EU Electromagnetic compatibility (EMC)

following standards were applied:

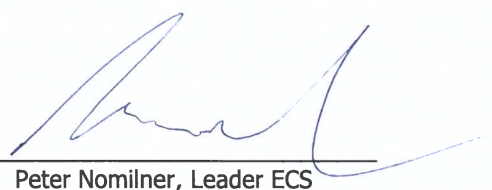

| | |
|-----------------------|--|
| IEC 60335-1 | Safety of household and similar electrical appliances - General |
| IEC 60335-2-34 | Safety of household and similar electrical appliance - Particular requirements for motor compressors |
| EN 50581 | Technical documentation for the assessment of electrical and electronic equipment with respect to the restriction of hazardous substances |
| EN 55014-1 | Electromagnetic compatibility. Requirements for household appliances, electric tools and similar apparatus. Emission |

However, it is not allowed to put our product into operation until the machine into which it is to be incorporated or of which it is to be a part has been found and declared to be in conformity with the provisions of legislation, i.e. as a whole, including the products subject of this declaration.
