Meet the new VNEX compressor line, the largest cooling capacity variable-speed solution to deliver top efficiency for large commercial applications

VNEX allows large reach in applications to use variable speed compressors.

Reach In Freezer (2 Doors)
612 liters
TDA (Total Display Area): 2,31 m²

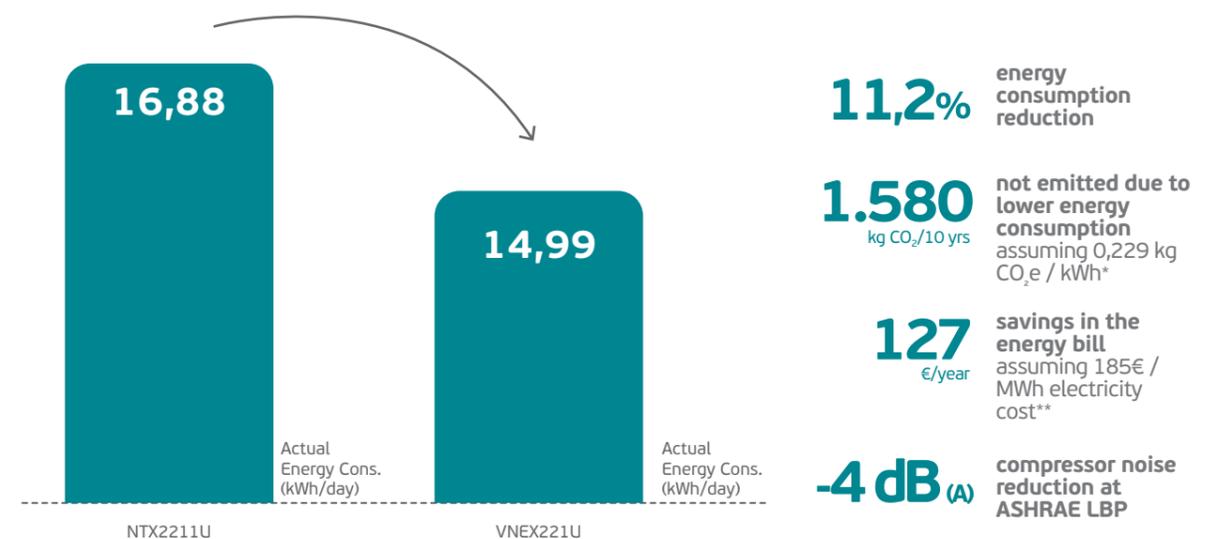

The challenge: increasing energy costs demand higher efficiency solutions, which must be environmentally friendly and operate quietly

CASE STUDY

The challenge: increasing energy costs demand higher **efficiency solutions**, which must be **environmentally friendly and operate quietly**.

Our proposal:

Change from the current fixed speed solution to a new variable speed solution: VNEX.

Cabinet test conditions: ISO-23953 class 3-L1
